ANNOUNCER:

Do you know how to prepare and what to expect from an upcoming C-T or M-R-I exam? Are you nervous or anxious about what will happen? Routine radiology exams can often cause fear and anxiety. Knowing what to expect and how to prepare can make a world of difference. Visit Radiology-Info-dot-org today for easy-to-understand, up-to-date descriptions of 300 radiology procedures, exams and treatments.

Radiology-Info-dot-org offers videos created by radiologists describing some of the most common exams available today. You'll also find patient safety information, medical images, and disease descriptions. There's even a section called "Reading Your Radiology Report" where you'll find articles and videos to walk you through your exam results.

Visit Radiology-Info-dot-org today.

Produced by the Radiological Society of North America, the American College of Radiology, and the American Society of Radiologic Technologists.
