Cookie Policy

Our website uses first party cookies according to our policy below, for technical, and analytical purposes, and to facilitate easy sharing of content on social network platforms such as Facebook and Twitter.

First party cookies refer to cookies that are set by our site, and we are the only ones with access to this information. On the other hand, third party cookies or requests allow third parties to have access to the information collected.

What are cookies and why do we use them?

Cookies are files that are downloaded on your computer or mobile device when you visit certain websites. Cookies allow a website to complete certain functions such as identify a user session, recall your preferences (e.g. language), gather information about your browsing habits or show you advertising adapted to your preferences.

We use essential cookies for our legitimate interest in implementing features that allow you to securely navigate the site, and we ask your consent for using analytics cookies (non-essential cookies) so we can measure how you interact with the website content. However, you can withdraw your consent at any time. For additional information see “Your Choices” (below).

What personal data is collected and what types of cookies do we use?

Cookies and information captured through this site are stored for the retention period indicated below, however you can eliminate these cookies any time before the expiration date.

The types of cookies we use are:

<table>
<thead>
<tr>
<th>Cookie name</th>
<th>Type, purpose and information collected</th>
<th>Source</th>
<th>Retention period</th>
</tr>
</thead>
<tbody>
<tr>
<td>__RequestVerificationToken</td>
<td>Used to prevent unauthorized posting of content to the website.</td>

track which webserver the user is using.

In addition, we also provide links to our social network accounts and have included sharing buttons on our Site to facilitate easy sharing content on social network platforms such as Facebook and Twitter. If you access these pages or use the sharing buttons, cookies from these platforms will be downloaded to your computer for different purposes such as tracking, analytics or advertising. We have no control over these cookies.

**With whom do we share this information?**

Information collected through Google Analytics is shared with Google and its partners who may combine it with other information you've provided to them or they've collected from your use of their services. This information will be stored in Google's servers in the United States of America according to their privacy practices.

Information collected when you share content or access to social media platforms such as Facebook and Twitter will be associated with your account when you are logged into these social networks. By clicking on the symbol of the social network, new cookies and information about you will be collected through these platforms according to the respective privacy policies for those platforms.

**Your choices**

You can control and delete cookies through your browser settings.
- Google Chrome
- Mozilla Firefox
- Safari
- Opera
- Microsoft Internet Explorer
- Safari for iOS (iPhone and iPad)
- Chrome for Android
- Windows Phone

Or you can also use the following cookie management and disposal tools:

You can opt-out of Google Analytics by downloading and installing the browser plug-in from the following link:

**Contact**

If you have questions or concerns regarding our use of cookies you can email us at privacy@rsna.org. You can also contact us at:
